

WILL CREMATE  
MEXICAN DEADHeavy Casualties in Three Days'  
Hard Fighting.

## EXECUTE CAPTURED OFFICERS

Regulars and Insurgents Use Same Tactics Towards Men Holding Commissions—More Than Five Hundred Bodies Are Lying on the Field of Battle Near Guaymas.

Nogales, Ariz., May 13.—More than 500 dead are lying on the field above Guaymas, resulting from three days' desperate fighting last week. Colonel Juan Cabral, who arrived at Hermosillo from the front, reported that he had estimated the killed to exceed 600. A trainload of oil and firewood was rushed south with which to cremate the bodies.

The official report of General Alfero Obregon, the insurgent commander, stated that the federal killed alone numbered 500, with 200 Huerta soldiers taken prisoners. Both sides have been executing all commissioned officers captured, wounded or unhurt.

There has been little fighting since Sunday. Driven to the last station north of the gulf port, the remnants of the federal army of some 2,500 found itself cut off from further retreat. Believing that lack of food and water soon would force a surrender the state troops contented themselves with holding the federalists in their position, occasionally harrassing the extreme lines when any attempt was made to move toward Guaymas. The 200 federalists left in Guaymas did not move from the town.

## SULTAN TO GIVE SECURITY

New York Judge Rules in Suit for an Estate.

New York, May 13.—The sultan of Turkey, through his legal representative, was notified that in an American law court his position is the same as that of the humblest subject.

The question of the sultan's rights as a litigant arose in the supreme court, which has before it the Turkish ruler's suit to get possession of \$10,000 insurance on the life of H. S. Tavshanjan, a wealthy Armenian merchant who was assassinated here in 1907. The policy in question was in favor of Mr. Tavshanjan's mother, who until her death, three years ago, lived in Armenia.

Justice Davis heard arguments on the demurrer to the sultan's action interposed by the custodians of the Tavshanjan estate in New York. These defendants asked that the sultan give the customary security for the payment of costs.

## PRAISES STATE REGULATION

Minnesota Governor Studies Conditions in New York.

New York, May 13.—Governor Eberhart of Minnesota has been spending a few days in New York examining the work of the city public service commission. Before leaving for Cambridge to address the Minnesota club of Harvard university the governor expressed admiration for what has been accomplished in New York by the state regulation of public utilities and announced that he would call a special session of the Minnesota legislature to enact a law similar to that which is in force in New York.

"After studying the working of your public utilities law here I am absolutely confident that state control of public utilities is right and that it is the only effective control," said the governor.

## PLOT TO BLAST TRAIN FAILS

Dynamite Found Under Joins of Rails Ahead of Passenger.

Uniontown, Pa., May 13.—An alleged attempt to blow up the Brownsville-Uniontown passenger on the Monongahela railroad at Leckrone, near here, has caused much excitement and a rigid investigation is being made.

A trackwalker found nine sticks of dynamite which had been placed under the points of the rails. The jar of the train would have exploded the dynamite.

The passenger train was flagged a short time after the dynamite was discovered. The train carried \$20,000 for the payment of miners of the Consolidated Connellville Coke company at Mount Sterling.

## FAVOR HOLDING TARIFF FIRE

Senators May Not Support Penrose Filibuster.

Washington, May 13.—Senator Penrose's plan to conduct an extensive filibuster in support of his proposal to hold open tariff hearings before the senate finance committee will not receive the unanimous backing of his fellow Republicans when it comes up, according to the views of leaders.

Many prominent Republican senators do not believe it wise to fire their tariff guns in the preliminary fight over the question of hearings. They argue that Republican oratory should be conserved until the bill is before the senate and be used then to show what the party thinks of it.

COMMITTEE WILL  
DRAFT MEASURESenators Preparing to Frame  
Currency Bill.

## WHY CHANGES ARE NEEDED

Subcommittee of Banking and Currency Committee Will Draw Up Thirty Questions to Bankers and Financial Experts Asking How Alterations Should Be Made in the National Monetary System.

Washington, May 13.—Although many prominent Democrats in the senate are opposed to currency legislation at the special session of congress a serious effort will be made by the banking and currency committee to draft a measure which will at least pass through the stage preliminary to actual enactment. Chairman Owens and other Democratic senators on the committee are expected to take up the consideration of a bill, probably next week.

A subcommittee was appointed to consider thirty questions to bankers and financial experts on how and why the national financial system should be changed, but has had no meeting so far.

It was the opinion that when these questions, submitted by Senator Hitchcock, are taken up they will be considered in relation to a definite bill.

Representative Glass had a brief conference with the president about the personnel of the house banking and currency committee, over which the former is to preside.

It is expected that the membership of the committee will be announced in a few days and active work begun in preparation for the return of the full membership of the house June 1.

Mr. Glass discussed with Secretary McAdoo of the treasury department some of the features of currency reform. No bill has been finally agreed upon as the administration measure, but it is generally expected among the currency advocates that Senator Owen and Representative Glass will introduce practically the same measure in both houses of congress.

## ROAD ATTACKS ASSESSMENT

Five Charge Discrimination in Valuation in Nebraska.

Lincoln, Neb., May 13.—Charging that they are discriminated against in the taxing of property five railroads in Nebraska—the Union Pacific, Burlington, Northwestern, Chicago, St. Paul, Minneapolis and Omaha and the Illinois Central—appeared before the state board of equalization and taxation and recited that, while their property was assessed at 100 per cent of its real worth, other property in Nebraska is assessed at only 50 per cent.

Representatives of the companies produced figures to sustain their contention.

## GOVERNMENT EVIDENCE IN

Prosecution Rests Case Against Jack Johnson.

Chicago, May 13.—The government caused a surprise when counsel announced that it would rest in the case of Jack Johnson, who is being tried on charges of violating the Mann law. The government rested after Judge Carpenter sustained the objection of the defense to any testimony of events prior to July 1, 1910, the date on which the Mann law became effective.

Two of the eleven counts against Johnson were dismissed by the government.

## FOUR ARE KILLED IN WRECK

Train Speeding at Sixty-five Miles an Hour is Derailed.

Tacoma, Wash., May 13.—Four persons—three passengers and a brakeman—were killed and seven seriously injured when a train on the Oregon-Washington line bound from Portland to Seattle was derailed near Lakeview. The train was speeding over a stretch of level roadway at the rate of sixty-five miles an hour when it left the rails.

The engine and eight cars went off the track, the engine plowing its way 200 feet before it turned over on its side and was buried five feet in the earth.

## IS IN NO HURRY TO REPLY

California Governor Busy With Legislative Aftermath.

Sacramento, May 13.—Governor Johnson has not yet replied to the message of President Woodrow Wilson and Secretary Bryan, asking that he veto the Webb anti-alien land bill. The governor has until June 16 to sign the measure.

The chief executive is so busy with details incidental to the adjournment of the legislature that he has decided to postpone taking up the new angle to the anti-alien issue.

JAMES A. FARRELL.

Steel Trust Head Outlines  
Growth of Its Foreign Trade.

## GOES AFTER FOREIGN TRADE

Steel Corporation President Traces Concern's Growth.

New York, May 13.—James A. Farrell, president of the United States Steel corporation, in his testimony in the government's suit to dissolve the company, traced the growth of the corporation's export business from 292,000 tons the first year it was organized to 2,246,600 tons in 1912, and from \$31,000,000 in value in 1904 to \$92,000,000 in 1912, and said the efforts of the corporation to push its foreign trade had been "continuous and indefatigable." The result had been that 90 per cent of the country's foreign trade in steel was done by the corporation, he said.

"We have made the strongest effort possible to increase our foreign trade as compared with our domestic trade," Mr. Farrell declared. "Our competitors have only been concerned with foreign business when domestic trade has been insufficient to keep their capacity employed."

ASSERTS FRIEDMANN  
CURE IS ALL HUMBUGWisconsin Physician Denounces  
Tuberculosis Cure.

Madison, Wis., May 13.—Dr. P. H. Ravenell, head of the Wisconsin state hygienic laboratory, professor of bacteriology at Wisconsin university, member of the National Medical society and a board member of the National Association for the Prevention of Tuberculosis, denounced the Friedmann tuberculosis serum as the most "gigantic and preposterous fraud of a generation."

Dr. Ravenell is just back from Washington, where he studied the cases under supervision in the government laboratories.

Of ninety-four cases to which the serum was administered, he says, it was repeated in only five, of whom two died and three showed no sign of improvement.

He declared Dr. Friedmann had broken his promise to the United States; that the government men had received only one drop of the serum from him and had cultivated the remainder; that he had absolutely ignored all letters of the government.

He asserted that Friedmann had charged fees as high as from \$1,000 to \$5,000 and that a newspaper syndicate had received \$1,000,000 for "pushing" the news stories.

"It is a humbug from beginning to end," declared Dr. Ravenell.

MANY SESSIONS  
ARE NECESSARYCongressman Bacon Takes Issue  
With James J. Hill.

## PUBLIC BUSINESS PRESSING

Railroad Magnate Quoted as Saying Ten Year Adjournment Would Do Country Good, but People Are Not Likely to Adopt His View, and Long Recesses May Disappear Forever.

By ARTHUR W. DUNN.

Washington, May 13.—[Special.]—As if answering the challenge of James J. Hill, who was recently quoted as saying that the country would be much better off if congress would adjourn for ten years, Senator Bacon of Georgia said on the floor of the senate that if "congress does its full duty, transacts the pressing public business necessary for this great government, attends to all the work it should do, the days of short sessions and long congressional recesses have gone forever."

No doubt hundreds of men, rich, but not so rich as Hill, heartily endorse what the railroad magnate says, but the people will endorse Bacon. In the struggle for English liberty it was finally found necessary to compel the meeting of parliaments instead of having long periods when the government was in the hands of a few persons. Instead of nine months of vacation we now have extra sessions to look after the pressing business.

Mann Was Satisfied.

Minority Leader Mann had no desire to break the solid Democratic phalanx which put through the tariff bill. In this he and Leader Underwood were in perfect accord, but for entirely different reasons. Underwood believed that an unbroken front was a good thing for his party. Mann believed that with all the Democrats standing together for the tariff the Republicans will have better campaign material next year, especially if the new tariff proves unsatisfactory. And the Republicans are counting on that confidently.

Something About Himself.

There are members of congress who can't tell all they want to about themselves in the congressional biographies, so they have more to tell in the house. Congressman Kindell of Denver enlivened the tariff debate by becoming personal in his remarks.

"I discovered two Republican postmasters in my district," said he, "with 100 per cent records for efficiency, whom I am urging for reappointment in spite of the opposition of my colleagues and the postmaster general. Let the meat ticket mugwump Democrat take heed of the fate which befell my predecessor." He was referring to former Congressman Rucker. "He failed to do what I told him, and I said we would have to get someone else to run against him, but I had to run myself on the Prohibition ticket. I am a German and drink beer. With a glass of beer in one hand and a Carle ticket hatchet in the other I got 17,000 votes. Last fall the people retired my protection Democrat predecessor and elected me by more than 3,000 over the state and national tickets."

Friendly Feeling For the House.

It takes quite a long time for former members of the senate promoted to the house to get over their friendly feelings toward the lower body. John Sharp Williams nearly always champions the house. So does Norris of Nebraska. Others who have had longer service seem to have forgotten what a good time they had in the house.

For His Constituents.

The senate was talking about stationery account of members of the house when Senator Norris explained that stationery cost more than the allowance. "I wrote out on an average more than one typewriter every year while a member of the house." That rather checked up the talk, as senators do not pay for typewriters.

The Wealthy Farmers.

There is a deal of crying out in behalf of the farmer among members of congress, but once in awhile members brag about the tillers of the soil. When they talked tariff and the farm they disclosed some interesting facts.

"I saw in the paper the other day," said that stanch protectionist, Fordney of Michigan, "that a farmer in Illinois went to town taking a dozen hogs to market in an automobile and took home \$480 in cash."

"The farmers all own automobiles in my state," said Jim Mann. "Under our Republican laws," went on Fordney, "the farmers are rich."

"They have all got money in the bank," said Madden of Chicago. "In a little town of 4,000 people in my state," said Payne of New York, "most of them are farmers, and by actual count it was found that 300 automobiles were owned in the place."

House Members Absent.

No one expects the members of the house will remain in Washington very much for several weeks. While the tariff bill is in the senate, they are expected to absent themselves, unless President Wilson determines to have currency legislation considered. All the house leaders are advising against currency legislation. They want nothing to interfere with the tariff. And when that is through they want to adjourn.

## THROUGH WITH FLYING GAME

Lincoln Beachey, Daredevil of the Air, Quits Aviation.

San Francisco, May 13.—Lincoln Beachey, the "daredevil of the air," is through with the flying game, he announced.

"I'm done," he said. "You couldn't make me enter another aeroplane at the point of a gun."

Beachey carries a card on which he has noted aviator friends who have met their death. He scanned the list.

"Wilbur Wright, he was the first one—died a natural death, the only one on the list," said Beachey. "Here are those smashed—Todd, Shivers, Molsant, Ely, Johnstone, Hoxey, Welsh, Frisbie, Parmelee, Gill, Badger, Harriet Quimby and twelve others."

PROFESSOR TAFT  
HAMMERS RECALLFormer President Fears Anarchy  
and Despotism.

New Haven, Conn., May 13.—In his fourth lecture on "Some Questions of Modern Government," at Yale, Professor William H. Taft characterized the form of government advocated by the Progressives as "half trigger and leading to anarchy and a despotism of the majority."

Professor Taft's statements were made in connection with his discussion of the recall of executive and administrative officers. He promised at a later date to discuss the recall of judicial decisions, which embodies the recall of judges.

"The objection to the recall is not that it takes away the office from the official," he said, "but that it is an obstacle to the efficiency of the government. Men do not administer government fearlessly under government of which the recall is a part, but administer it so their enemies may have no opportunity to make meritorious attacks upon them. Government is for the purpose of accomplishing something. Had men like Washington, Lincoln, Jefferson and Madison served under the recall they would probably all have been recalled. Time has since said of them: 'Well done, thou good and faithful servant!'"

## SENATE CAN'T TOUCH DAVIES

Appointment of Wisconsin Man Does Not Require Confirmation.

Washington, May 13.—Discovery that the commissioning of corporations is no longer a presidential appointment, having been included under the law creating the department of commerce as a subdivision of that department, disposed of a threatened contest in the senate over the confirmation as commissioner of Joseph E. Davies of Madison, Wis.

The president now will withdraw the nomination and the appointment will be proclaimed by Secretary Redfield.

WOMAN'S BURNS FATAL.

Gilby, N. D., May 13.—Striking a match near a leaking gasoline lighting plant here Mrs. S. O. Stone caused an explosion in her home that set fire to her clothing, resulting in her death. A second explosion wrecked the house.

Wood Pulp Comes in Free.

Washington, May 13.—The customs court decided that European nations are entitled to the free entry of wood pulp and paper under "the most favored nation" clause of their commercial treaties with the United States, because the free entry privilege is granted to Canada under the only operative clause of the Canadian reciprocity agreement.

SUGGESTED BY LONDON PAPER

Former President Roosevelt for King of Albania.

London, May 13.—The Daily Citizen, the organ of the English Labor party, commenting on the suggestion that Theodore Roosevelt be made king of Albania, says:

"Teddy and Essad and Nicholas, be tween them, should make that part of Europe hum."

"After all, for the sake of making the world more interesting, why not the ex-president apply? It would be a comedown, no doubt, from the White House, but then there are the style, title and dignity."

GIRL BEST SPELLER.

Jefferson City, Mo., May 13.—Opal Mitchell, ten years old, of Licking, Texas, county, won a \$100 prize and was declared the best speller in the state.

In a contest in which sixty pupils from as many counties contested she misspelled but three of two hundred words.

Car Plunges Over Bank.

Kallspeil, Mont., May 13.—Mrs. B. B. Gildland, wife of a contractor, was instantly killed and Rev. Mr. Stephenson, a Baptist minister of Helena, was seriously injured when an automobile driven by Gildland rolled over an embankment near Columbia Falls. Five other occupants escaped injury. The car rolled down a fifty-foot embankment on a stretch of unfamiliar road.

WANT FRIEDMANN QUIZZED

Commissioners Protest Against Giving Him Special License.

Washington, May 13.—Protest against Senator Hughes' bill to authorize a special license to practice medicine in the District of Columbia for Dr. Frederick Franz Friedmann was sent to congress by the District commissioners. The commissioners insisted that the German physician should not be allowed to practice in the District of Columbia without submitting to the usual test.

PLAN SPEAKING CAMPAIGN

Sulzer and Roosevelt Will Tour New York State

Albany, N. Y., May 13.—Four committees appointed by Governor Sulzer last week to aid in procuring the passage of his statewide direct primary bill organized here. A fund of \$26,000 will be raised to finance a campaign which is to be opened in Buffalo next Monday night, with Governor Sulzer as the principal speaker.

The executive committee of the general campaign committee plans to arrange speaking engagements for the governor and Colonel Theodore Roosevelt which will bring them into practically every section of the state before the legislature reconvenes in extraordinary session June 16.

Secretary Bryan Declares Them  
Greater Than War.

## CAN BE SETTLED BY REASON

Nebraskan Tells British Delegates Who Are Here Arranging for Hundredth Anniversary Celebration of Peace Between English Speaking People That Any Controversy May Be Amicably Adjusted.

Washington, May 13.—"We are here to substitute the spirit of peace for the spirit of war. The ideals of peace are greater than that of war. We know of no cause that cannot be settled better by reason than by war." These were some of the sentiments expressed by Secretary Bryan, who said he spoke for the president of the United States and for the administration under which he holds office. He was addressing the gathering at the banquet given by the Carnegie endowment for international peace for the delegates from Great Britain who are here to prepare plans for the celebration of the one hundredth anniversary of peace among English speaking nations and the signing of the treaty of Ghent.

The secretary began his address with a third welcome, as he expressed it, to the British and other delegates, he having welcomed them recently in New York and again when he received them in his office. Mr. Bryan said he wished to present three thoughts on the subject of peace between Great Britain and the United States:

That proposed monuments along the Canadian border would testify to the merits of the living and the worth of the dead of a century ago; that these monuments would give the lie to the thought that a man must be strong; and that the two nations would, in the days to come, set before the world a higher ideal than the ideal of war. In his introductory remarks Senator Root, who presided, said that this peace of a hundred years should be the occasion for such a celebration as the world has never seen.

Lord Weardale, head of the British delegation, replied on behalf of his country, as also did the new British ambassador, Sir Arthur Spring-Rice. These speakers were followed by representatives of Australia, Canada, New Foundland and the municipality of Ghent, where the peace treaty between the envoys of America and Great Britain was signed.

## BRYAN TO RENEW TREATIES

Announces His Willingness to Continue Seven Special Pacts.

Washington, May 13.—Special arbitration treaties between the United States and seven other countries which expire by limitation this year will be renewed by the state department if the foreign governments are willing. Secretary Bryan made this announcement in connection with the proposed immediate renewal of the British-American treaty, which terminates June 4.

Such special treaties to which the United States is a party will expire during the year in the following order:

Spain, June 2; Great Britain, June 4; Norway, June 24; Sweden, Aug. 18; Japan, Aug. 24; Portugal, Nov. 14; Switzerland, Dec. 23.

A similar treaty between the United States and Mexico expires June 20.

## TAX QUESTION IS CLOSED

Supreme Court Refuses Rerearing in Minehill Case.

Washington, May 13.—The supreme court refused a rehearing in the Minehill corporation tax case in which it recently was decided that a corporation engaged only in leasing its property and investing its funds was not "doing business" so as to be liable for the tax. The decision exempted hundreds of railroad companies from paying the tax, as well as telegraph and other corporations.

Attorney General McReynolds asked a rehearing on the ground that the decision was in conflict with previous corporation tax decisions of the court and would lead to inequality in the operation of the law. He declared that the result would be that any corporation might avoid the tax

The word was passed around a few hours before Mr. Dunn was due in town and the people were asked to be at the depot to meet him. And they turned out in such numbers, with two brass bands, thousands of citizens massing around the depot for blocks in all directions, that for once in his life Bob was stumped and couldn't say a word. The spontaneous tribute given him by the people of his home town moved him deeply and he appreciated it, for the best appreciation a man can get is what his own home folks may give him.

Before the Railroad and Warehouse Commission of the State of Minnesota

In the Matter of the Application of the Minnesota & International Railway Company to abandon a part of its line. The Minnesota & International Railway Company makes application to abandon the portion of its main line of railway, described as follows:

"Beginning at a point, known as station 142-57, which said point is situated in the center of the main track of the aforesaid railway company, and in Lot 4 of Section 25, Township 134 North, Range 28 West of the Fifth Principal Meridian; thence extending from said point of beginning, in a southerly, easterly and easterly direction, for a distance of about 4600 feet, to the south line of Section 18, Township 45 North, Range 30 West; said point of termination may be further described as being the point of intersection of the said south line of the said section 18 with the center line of the aforesaid railway company's main track."

The applicant proposes to substitute for the line to be abandoned, a new main line of railway, to be constructed of easier gradients and lighter curvature, for its entrance into the city of Brainerd. The new line to begin at a point known and designated as Station C, situated in the Southwest quarter (SW 1/4) of the Northeast quarter (NE 1/4) of Section 25, Township 134 North, Range 28 West; thence extending from said point of beginning in a southerly, southerly and easterly direction, for a distance of about 5.82 miles, and intersecting with the main track of the Northern Pacific Railway at a point situated in said Northern Pacific main track, between Third and Fourth Streets in West Brainerd.

It is Therefore Ordered, that a hearing on said petition be heard at the offices of the Minnesota & International Railway Company, in the City of Brainerd, Minnesota, on the 14th day of May, 1913, at two o'clock in the afternoon, where objections, if any, will be heard to the granting of said application; that notice of such hearing be given by a publication of this order in the Brainerd Daily Dispatch, a newspaper printed, published and circulated in the City of Brainerd, Minnesota, on the 10th, 12th and 13th day of May, 1913.

(Seal of the BY THE COMMISSION, Railroad & Warehouse Commission) A. C. CLAUSEN, Secretary. Dated at St. Paul, Minn., May 6th A. D. 1913. M 10, 12, 13.

## BARRON WRIT QUASHED

Proceedings in W. W. Barron Contempt Case Remanded to Probate Court by Judge Nye

Little Falls Transcript: A decision received Monday by Clerk of Court S. P. Brick from Judge C. A. Nye quashes the writ of certiorari secured by W. W. Barron in his contempt of court case and the proceedings are remanded to the probate court of Morrison county.

Attorney Barron, at that time a resident of Brainerd, was fined \$25 by Judge Shaw January 23 for contempt of court. The cause of the action was certain letters which Mr. Barron addressed to Judge Shaw in which he claimed to have been discourtageously treated and threatened to come to Little Falls and see why information which he wanted could not be obtained. The case about which Barron asked had not been closed at the time and the information could therefore not be sent.

Mr. Barron obtained a writ of certiorari on the grounds that the proceedings had been irregular and that he had not been given an opportunity to be heard in explanation. In quashing the writ and remanding the proceedings to probate court Judge Nye states that the only question is whether or not the letters in question constitute a contempt and that lies with Judge Shaw to decide.

## OUT IN THE BUSHES

Oak Lawn Defeats Long Lake 3 to 2 —Speedwells 8, Fort Ripley 5 in Sunday's Game

In a fast ten inning game Oak Lawn defeated Long Lake by a score of 3 to 2. The Oak Lawn pitcher had the Long Lake team eating out of his hand. Long Lake's pitcher was no puzzle to the Oak Lawn, but good fielding prevented their rolling up many scores. This was Oak Lawn's first game of the season and they made a good showing.

The Brainerd Speedwells journeyed to Fort Ripley Sunday and engaged in a hard fought game and were victorious. The battery for Fort Ripley was LaForce and Beaumont. LaForce was a southpaw whom Fort Ripley had engaged for the day. He made 14 of the Brainerd boys fan the air. Butka did the twirling for the Speedwells while Fricker was at the receiving end and caught a good game. Butka struck out 7 men and was backed by good support which won the game. "Ted" Stallman held down third base and played a good game while Ole Larson did full justice to the initial sack. All of the other boys played good and secured hits when they were most needed.

"Skinny" Whiting led the Brainerd rooters and did effective work. In fact it was such strenuous stuff that one of the players jumped on his foot with a spiked shoe and put the soft pedal on him and he's wondering if it pays to be a loyal fan. The Speedwells have won every game played so far and are willing to meet any junior team in Brainerd or vicinity.

## DEVELOPMENTS OF WEEK ON RANGE

Barrows Mine Installs an Additional Boiler and Has Cleared Water From Shaft

## GEO. H. CROSBY BACK ON RANGE

Enormous Amount of Electric Current to be Used by Hydraulic Stripping Plant

All underground mines of the Cuyuna range are working full blast and there is a scarcity of good miners. Strengthening the size of the crews would do much to increase production.

The Inland Steel company, it is reported, is considering the matter of changing its underground mine, the Thompson, to a stripping proposition.

The Adams mine on the south range at Oreland is to be sunk a depth of 200 feet at which a pumping station will be cut. Contractor Buzzo, of Eveleth, is making fairly good progress in his work of sinking.

At the Barrows mine of the Virginia Ore Mining company at Barrows the water has about been cleared from the mine. To the battery of three 150 horsepower boilers has been added a 130 horsepower Scotch marine boiler and a separate stack 50 feet high. The Northern Pacific railway assisted the mining company in operating its sinker pumps to clear the shaft from water by loaning one of its big engines which was run on a sidetrack near the mine and connected with the steam line, keeping the pressure at 120 pounds. George B. Youren, surface foreman at the Barrows mine, has gone to the Crystal Falls district and will work at Negaunee, Mich.

Some people have advanced the theory that the Barrows mine has been tapping an underground water course which extended to Brainerd. Many old swamps near Brainerd are dry for the first time in their history.

F. L. Pitt, of Deerwood, has a drill on the Fogelson property east of Deerwood. Senator C. J. Swanson, of Minneapolis, was on the range this week.

The Crosby Exploration company has drills at work in section 23, township 47, range 29. Near by are Gaylord & Guith in the same section drilling for the Mesaba-Cuyuna Iron company. The 31st and 32d holes are in good ore. Ernest LeDuc, of Duluth, is deeply interested in this company. Gaylord & Guith also have two drills in section 3, township 46, range 29; two in section 10, township 46, range 29; one in section 17, township 46, range 29 and one for Duluth people headed by Mr. McGrath.

At the office of W. S. Pitt, in Crosby, is displayed what is believed to be the longest drill core in the history of the range, made by Gaylord & Guith. It is 9 feet 4 inches long. The Hale-Bradley Exploration company is drilling in section 26, township 47, range 29.

George H. Crosby, prominently identified with the development of the north range, has returned from his winter visit at Pasadena, Cal. Mr. Crosby expressed himself as pleased with the development of the range.

R. J. Whiteside of Duluth and Chas. Neimeyer, of Duluth, fee owner of the Meacham mine and also one of the fee owners of the Inland Steel company mine, were on the range this week looking after their numerous interests.

M. D. Stoner, president of the Cuyuna Range Power company, believes that when the hydraulic mine of the Pittsburgh Steel Ore company is in full operation, it will use four times as much current as the city of Brainerd at the present time. With two 2,000 gallon pumps and a 3,000 gallon sanducker removing the overburden, electric shovels handling the dirt and a concentrator washing the ore, all on a 24 hour service, many kilowatts of energy will be consumed. The Crow Wing water power of the Cuyuna Range Power company is now utilized and the new dam is giving complete satisfaction. The current furnished is even. There is no fluctuation in the light.

The High Grade Manganese company has a drill operating in sections 32 and 33, township 47, range 29. The Duluth-Brainerd Mining company has a drill near by.

C. W. Potts, of Deerwood, has just placed a drill south of that town. The Stowell Exploration company has three drills at work in the Bay Lake district. The Cuyuna-Duluth mine at Ironton is having its boilers bricked up. The power house has not been entirely completed. The Cuyuna-Mille Lacs is hoisting a fine grade of manganese ore. Franklin W. Merritt, of Minneapolis, was on the range Monday and Tuesday.

T. R. Foley, of Aitkin, is exploring considerable of his land near Aitkin. Another drill operating in the same neighborhood belongs to Mr. McMillan and his associates of North Dakota. Mineral lands are in good demand at present as people are becoming interested in owning the fee of lands.

Charles E. Andrews has sold to Elmer Hartman the north half of the southwest quarter, the west half of the southeast quarter, the southeast quarter of the southeast quarter of section 32, township 13S, range 26 for \$4,500. Franklin W. Merritt, of

Minneapolis, has sold to C. F. W. Carlson an undivided 1-64 interest in the south half of the southeast quarter of section 23, township 46, range 2S.

Kristina Anderson (nee Bexel) widow has sold to Charles J. Swanson an undivided 1/8 interest in outlot 3 of Archibald's addition; an undivided 1/4 interest in the minerals in the east half of the southeast quarter, the northwest quarter of the southeast quarter of section 11, township 46, range 29; an undivided 1-80 interest in the northeast quarter of the northwest quarter of section 11, township 46, range 29; an undivided 2-10 interest in the north half of the northeast quarter of section 33, township 47, range 29; and an interest in the mining lease owned by N. P. Emil Carlson, deceased, on the south half of the northeast quarter and lot 1 of section 2, township 46, range 29 for \$2,000.

Marcus D. Munn and Frank H. Murray have respectively sold to the Bursick Co. a 1/2 and a 1-8 interest in the west half of the northeast quarter of section 9, township 43, range 32. F. M. McDonald has sold respectively to Wilson Brailley of Deerwood an undivided 1/4-7/8 interest, to Frank A. Day an undivided 243-720 interest to William E. Richardson an undivided 81-720 interest and to F. S. Adams, of Deerwood, an undivided 60-720 interest in the northeast quarter of the northeast quarter, the northwest quarter of the northwest quarter, lots 1, 2 and 3 in section 36, township 44, range 32.

James R. Smith, of Brainerd, has sold to the Locker-Donahue Co., of Duluth, an undivided 1-32 interest in the southwest quarter of the southeast quarter of section 32, township 47, range 28 and the southwest quarter of the southeast quarter of section 6, township 46, range 29. William C. White has sold to Cuyler Adams, of Deerwood, an undivided 1/2 interest in the north half of the northwest quarter, the southwest quarter of the northwest quarter of section 3, township 46, range 28, for \$600.

H. Alexander has sold to Nina H. Hitch of Brainerd, an undivided 1-32 interest in government lots 1, 2, and 3 in section 8, township 46, range 29. Franklin W. Merritt, of Minneapolis, has sold to George I. Gorham, of Minneapolis, an undivided 49-128 interest in the south half of the southeast quarter of section 23, township 46, range 28.

## Obituary

The funeral of Mrs. Sarah Dunn Anderson, wife of O. E. Anderson, took place yesterday at 2:30 o'clock from the residence, 414 Forsythe St. and at 3 o'clock from the Peoples Congregational church of which the deceased was a member. Rev. G. P. Sheridan officiating.

Mrs. Anderson (nee Miss Sarah Dunn) was born at Jackson, Ohio, July 4th, 1861. While a child her people moved to Delevan, Ill., where she lived until 1881. She came to Brainerd with H. A. Flint and family, making her home with them until October 15th, 1884, when she was married to O. E. Anderson of this city. They have always made Brainerd their home. Mrs. Anderson leaves a husband and three children, Mrs. Nels Johnson, age 26 years, William E. Anderson, age 23 years, Mabel P. Anderson, age 18 years. Three sisters, Mrs. Martha Myers of Peoria, Ill., Miss Mary Dunn of Delevan, Ill., Mrs. Renzo Stevens of Delevan, Ill. Mrs. Anderson was a woman of sterling character, widely known and esteemed. She will be long remembered by many for her kindly deeds in times of sickness.

She early united with the church and was an earnest Christian worker till the last few years, when her illness kept her confined to her home. Until the last her thoughts were of her home and family. Her loss will be sincerely mourned by a wide circle of friends. The bereaved family have the sincere sympathy of all in their affliction. There were many beautiful floral offerings from the churches and friends. The interment was in Evergreen cemetery.

## CLOTHING WANTED

Health Committee Desires all Who Have Cast Off Clothing to Send Them to Court House

Several destitute families have recently applied to the health committee for clothing. The clothing collected last winter has nearly all been disposed of. This is the season of house cleaning and most every one has some old clothes which it would be a pleasure to get rid of. If all such will send them to the court house where there is a room kept for storing them the committee will see that they are properly distributed. If it is not convenient to do this, please notify any member of the committee and they will be sent for. These are urgent cases and the clothes are needed at once. Clothing suitable for children from two to twelve years of age most needed but anything that can be made over into children's clothes will be acceptable.

## LITTLE FALLS ELKS' DOINGS

Class of Twenty Candidates to be Initiated by Little Falls Lodge on May 15th

Little Falls Elks are planning on a big time next Thursday, May 15th, when a class of twenty candidates will be initiated into the mysteries of the order. A grand street parade has been arranged for and will start promptly at 12:15, which is said to contain many wonderful features. The initiating will take place immediately after the parade and a continuous lunch will be served during the afternoon and evening. A social session will be held in the evening when a number of outside speakers will appear on the program. Some select musical numbers have also been provided for. The Elks of Brainerd are cordially invited to attend.

## Coughs and Consumption

Coughs and colds, when neglected always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that trouble you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by H. P. Dunn.—Adv't. tsa

### MUSIC AND DRAMA

#### At the Empress

"Loved by a Maori Chieftess" is a two part drama, 2000 feet of film shown at the Empress theater. The plot of the story follows: Just after the Maori uprising in 1870, when the feeling against the English was very bitter, a young English trapper was taken captive by the Maoris. The chief's daughter saves him from the usual fate of a prisoner of war—being burned at the stake and eaten. She believed that he was the man she was predestined to marry. How they finally escape from the tribe through the treacherous land of the hot geysers; how they are recaptured and finally reunited make this film an unusually interesting and thrilling story.

"Pete Tries the Stage" is a rare comedy sketch.

Arthur White, baritone, is heard in his latest song success, "I Don't Know Where She Is Tonight."

#### At the Grand

"The Sinews of War", two reels, is the feature picture at the Grand Tuesday and Wednesday. It is a Civil War story, strong in action and historically correct. Simon Hertzog's warehouse is given over to the Confederate cause and used as a prison for Union soldiers. A tender love story, with Capt. Blair, Union soldier, as the hero and Felice Hertzog, Confederate, as the heroine, weaves its way through the plot of the story.

The city of Richmond is besieged by General Grant. Blair captures the Confederate plans concealed in Hertzog's coat. Grant takes the town, Blair proves his identity and is given due credit for the plans which he had found.

As Capt. Blair is ordered away to duty, it is plain to perceive by the pleased look on Felice's face that he is to claim her as his wife when the war is ended.

"Hide and Seek" is a drama. "The Land Salesman" is a comedy film.

Gene McCarthy is heard in illustrated songs.

#### Pains in the Stomach

If you continually complain of pains in the stomach, your liver or your kidneys are out of order. Neglect may lead to dropsy, kidney trouble, diabetes or Bright's disease. Thousands recommend Electric Bitters as the very best stomach and kidney medicine made. H. T. Alston, of Raleigh, N. C., who suffered with pain in the stomach and back, writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended and I improved from the first dose. I now feel like a new man." It will improve you, too. Only 50c and \$1.00. Recommended by H. P. QUIT IT! ZEMO STOPS ITCHING INSTANTLY

And For Eczema in all Forms, Dandruff, Tetter, etc. It's a Wonder

Buy a 25c Bottle Today and Prove It. Stop that violent scratching! There is nothing known that will stop itching like ZEMO. One application stops it instantly, whether the itching is on the scalp or on any other part of the body.

Dandruff is nothing but scalp eczema and that's why ZEMO stops dandruff absolutely. For the terrible, raw, fiery eczema that drives you wild, keeps you awake nearly all night—for rash, prickly heat and all inflamed, reddened skin on babies or grown-ups, for itching piles, salt rheum, for rawness after shaving, for any and all sores, ZEMO is a revelation. ZEMO is not a greasy ointment or paste, but a clean, antiseptic solution applied to the skin. Try a bottle today—end your torture. ZEMO will cure any case of eczema if used according to directions. Dr. G. H. Johnson, Quannah, Texas. ZEMO is sold in 25c sealed bottles and guaranteed in Brainerd by Johnson's Pharmacy.—Adv.

WILL CREMATE  
MEXICAN DEADHeavy Casualties in Three Days'  
Hard Fighting.

## EXECUTE CAPTURED OFFICERS

Regulars and Insurgents Use Same  
Tactics Towards Men Holding Com-  
missions—More Than Five Hundred  
Bodies Are Lying on the Field of  
Battle Near Guaymas.

Nogales, Ariz., May 13.—More than 500 dead are lying on the field above Guaymas, resulting from three days' desperate fighting last week. Colonel Juan Cabral, who arrived at Hermosillo from the front, reported that he had estimated the killed to exceed 600. A trainload of oil and firewood was rushed south with which to cremate the bodies.

The official report of General Alvaro Obregon, the insurgent commander, stated that the federal killed alone numbered 500, with 200 Huerta soldiers taken prisoners. Both sides have been executing all commissioned officers captured, wounded or unhurt.

There has been little fighting since Sunday. Driven to the last station north of the gulf port, the remnants of the federal army of some 2,500 found itself cut off from further retreat. Believing that lack of food and water soon would force a surrender the state troops contented themselves with holding the federalists in their position, occasionally harrassing the extreme lines when any attempt was made to move toward Guaymas. The 200 federalists left in Guaymas did not move from the town.

## SULTAN TO GIVE SECURITY

New York Judge Rules in Suit for  
an Estate.

New York, May 13.—The sultan of Turkey, through his legal representative, was notified that in an American law court his position is the same as that of the humblest subject.

The question of the sultan's rights as a litigant arose in the supreme court, which has before it the Turkish ruler's suit to get possession of \$10,000 insurance on the life of H. S. Tavshanjian, a wealthy Armenian merchant who was assassinated here in 1907. The policy in question was in favor of Mr. Tavshanjian's mother, who until her death, three years ago, lived in Armenia.

Justice Davis heard arguments on the demurrer to the sultan's action interposed by the custodians of the Tavshanjian estate in New York. These defendants asked that the sultan give the customary security for the payment of costs.

## PRAISES STATE REGULATION

Minnesota Governor Studies Con-  
ditions in New York.

New York, May 13.—Governor Eberhart of Minnesota has been spending a few days in New York examining the work of the city public service commission. Before leaving for Cambridge to address the Minnesota club of Harvard university the governor expressed admiration for what has been accomplished in New York by the state regulation of public utilities and announced that he would call a special session of the Minnesota legislature to enact a law similar to that which is in force in New York.

"After studying the working of your public utilities law here I am absolutely confident that state control of public utilities is right and that it is the only effective control," said the governor.

## PLOT TO BLAST TRAIN FAILS

Dynamite Found Under Joints of Rails  
Ahead of Passenger.

Uniontown, Pa., May 13.—An alleged attempt to blow up the Brownsville-Uniontown passenger on the Monongahela railroad at Leckrone, near here, has caused much excitement and a rigid investigation is being made.

A trackwalker found nine sticks of dynamite which had been placed under the points of the rails. The jar of the train would have exploded the dynamite.

The passenger train was flagged a short time after the dynamite was discovered. The train carried \$20,000 for the payment of miners of the Consolidated Connelville Coke company at Mount Sterling.

## FAVOR HOLDING TARIFF FIRM

Senators May Not Support Penrose  
Fillibuster.

Washington, May 13.—Senator Penrose's plan to conduct an extensive filibuster in support of his proposal to hold open tariff hearings before the senate finance committee will not receive the unanimous backing of his fellow Republicans when it comes up, according to the views of leaders.

Many prominent Republican senators do not believe it wise to fire their tariff guns in the preliminary fight over the question of hearings. They argue that Republican oratory should be conserved until the bill is before the senate and be used then to show what the party thinks of it.

COMMITTEE WILL  
DRAFT MEASURESenators Preparing to Frame  
Currency Bill.

## WHY CHANGES ARE NEEDED

Subcommittee of Banking and Cur-  
rency Committee Will Draw Up Thirty  
Questions to Bankers and Financial  
Experts Asking How Alterations  
Should Be Made in the National  
Monetary System.

Washington, May 13.—Although many prominent Democrats in the senate are opposed to currency legislation at the special session of congress a serious effort will be made by the banking and currency committee to draft a measure which will at least pass through the stage preliminary to actual enactment. Chairman Owens and other Democratic senators on the committee are expected to take up the consideration of a bill, probably next week.

A subcommittee was appointed to consider thirty questions to bankers and financial experts on how and why the national financial system should be changed, but has had no meeting so far.

It was the opinion that when these questions, submitted by Senator Hitchcock, are taken up they will be considered in relation to a definite bill.

Representative Glass had a brief conference with the president about the personnel of the house banking and currency committee, over which the former is to preside.

It is expected that the membership of the committee will be announced in a few days and active work begun in preparation for the return of the full membership of the house June 1.

Mr. Glass discussed with Secretary McAdoo of the treasury department some of the features of currency reform. No bill has been finally agreed upon as the administration measure, but it is generally expected among the currency advocates that Senator Owen and Representative Glass will introduce practically the same measure in both houses of congress.

## ROAD ATTACKS ASSESSMENT

Five Charge Discrimination in Valua-  
tion in Nebraska.

Lincoln, Neb., May 13.—Charging that they are discriminated against in the taxing of property five railroads in Nebraska—the Union Pacific, Burlington, Northwestern, Chicago, St. Paul, Minneapolis and Omaha and the Illinois Central—appeared before the state board of equalization and taxation and recited that, while their property was assessed at 100 per cent of its real worth, other property in Nebraska is assessed at only 50 per cent.

Representatives of the companies produced figures to sustain their contention.

## GOVERNMENT EVIDENCE IN

Prosecution Rests Case Against Jack  
Johnson.

Chicago, May 13.—The government caused a surprise when counsel announced that it would rest in the case of Jack Johnson, who is being tried on charges of violating the Mann law. The government rested after Judge Carpenter sustained the objection of the defense to any testimony of events prior to July 1, 1910, the date on which the Mann law became effective.

Two of the eleven counts against Johnson were dismissed by the government.

## FOUR ARE KILLED IN WRECK

Train Speeding at Sixty-five Miles an  
Hour Is Derailed.

Tacoma, Wash., May 13.—Four persons—three passengers and a brakeman—were killed and seven seriously injured when a train on the Oregon-Washington line bound from Portland to Seattle was derailed near Lakeview. The train was speeding over a stretch of level roadway at the rate of sixty-five miles an hour when it left the rails.

The engine and eight cars went off the track, the engine plowing its way 200 feet before it turned over on its side and was buried five feet in the earth.

California Governor Busy With Leg-  
islative Aftermath.

Sacramento, May 13.—Governor Johnson has not yet replied to the message of President Woodrow Wilson and Secretary Bryan, asking that he veto the Webb anti-alien land bill.

The governor has until June 16 to sign the measure.

The chief executive is so busy with details incidental to the adjournment of the legislature that he has decided to postpone taking up the new angle to the anti-alien issue.

Concern's Growth.

New York, May 13.—James A. Farrell, president of the United States Steel corporation, in his testimony in the government's suit to dissolve the company, traced the growth of the corporation's export business from 292,000 tons the first year it was organized to 2,246,000 tons in 1912, and from \$31,000,000 in value in 1904 to \$92,000,000 in 1912, and said the efforts of the corporation to push its foreign trade had been "continuous and indefatigable." The result had been that 90 per cent of the country's foreign trade in steel was done by the corporation, he said.

"We have made the strongest effort possible to increase our foreign trade as compared with our domestic trade," Mr. Farrell declared. "Our competitors have only been concerned with foreign business when domestic trade has been insufficient to keep their capacity employed."

ASSERTS FRIEDMANN  
CURE IS ALL HUMBUGWisconsin Physician Denounces  
Tuberculosis Cure.

Madison, Wis., May 13.—Dr. P. H. Ravenell, head of the Wisconsin state hygienic laboratory, professor of bacteriology at Wisconsin university, member of the National Medical society and a board member of the National Association for the Prevention of Tuberculosis, denounced the Friedmann tuberculosis serum as the most "gigantic and preposterous fraud of a generation."

Dr. Ravenell is just back from Washington, where he studied the cases under supervision in the government laboratories.

Of ninety-four cases to which the serum was administered, he says, it was repeated in only five, of whom two died and three showed no sign of improvement.

He declared Dr. Friedmann had broken his promise to the United States; that the government men had received only one drop of the serum from him and had cultivated the remainder; that he had absolutely ignored all letters of the government.

He asserted that Friedmann had charged fees as high as \$1,000 to \$5,000 and that a newspaper syndicate had received \$1,000,000 for "pushing" the news stories.

"It is a humbug from beginning to end," declared Dr. Ravenell.

MANY SESSIONS  
ARE NECESSARYCongressman Bacon Takes Issue  
With James J. Hill.

## PUBLIC BUSINESS PRESSING

Railroad Magnate Quoted as Saying  
Ten Year Adjournment Would Do  
Country Good, but People Are Not  
Likely to Adopt His View, and Long  
Recesses May Disappear Forever.

By ARTHUR W. DUNN.

Washington, May 13.—[Special.]—As if answering the challenge of James J. Hill, who was recently quoted as saying that the country would be much better off if congress would adjourn for ten years, Senator Bacon of Georgia said on the floor of the senate that if "congress does its full duty, transacts the pressing public business necessary for this great government, attends to all the work it should do, the days of short sessions and long congressional recesses have gone forever."

No doubt hundreds of men, rich, but not so rich as Hill, heartily endorse what the railroad magnate says, but the people will endorse Bacon. In the struggle for English liberty it was finally found necessary to compel the meeting of parliaments instead of having long periods when the government was in the hands of a few persons. Instead of nine months of vacation we now have extra sessions to look after the pressing business.

Mann Was Satisfied.  
Minority Leader Mann had no desire to break the solid Democratic phalanx which put through the tariff bill. In this he and Leader Underwood were in perfect accord, but for entirely different reasons. Underwood believed that an unbroken front was a good thing for his party. Mann believed that with all the Democrats standing together for the tariff the Republicans will have better campaign material next year, especially if the new tariff proves unsatisfactory. And the Republicans are counting on that confidently.

Something About Himself.  
There are members of congress who can't tell all they want to about themselves in the congressional biographies, so they have more to tell in the house. Congressman Kindell of Denver enlisted the tariff debate by becoming personal in his remarks.

"I discovered two Republican postmasters in my district," said he, "with 100 per cent records for efficiency, whom I am urging for reappointment in spite of the opposition of my colleagues and the postmaster general. Let the meat ticket mugwump Democrat take heed of the fate which befell my predecessor." He was referring to former Congressman Rucker. "He failed to do what I told him, and I said we would have to get some one else to run against him, but I had to run myself on the Prohibition ticket. I am a German and drink beer. With a glass of beer in one hand and a Carle Nation hatchet in the other I got 17,000 votes. Last fall the people repudiated my protection Democrat predecessor and elected me by more than 3,000 over the state and national tickets."

Friendly Feeling For the House.  
It takes quite a long time for former members of the senate promoted to the house to get over their friendly feelings toward the lower body. John Sharp Williams nearly always champions the house. So does Norris of Nebraska. Others who have had longer service seem to have forgotten what a good time they had in the house.

For His Constituents.  
The senate was talking about stationery account of members of the house when Senator Norris explained that stationery cost more than the allowance. "I wrote out on an average more than one typewriter every year while a member of the house." That rather checked up the talk, as senators do not pay for typewriters.

The Wealthy Farmers.

There is a deal of crying out in behalf of the farmer among members of congress, but once in awhile members brag about the fillers of the soil. When they talked tariff and the farm they disclosed some interesting facts.

"I saw in the paper the other day," said that staunch protectionist, Fordney of Michigan, "that a farmer in Illinois went to town taking a dozen hogs to market in an automobile and took home \$480 in cash."

"The farmers all own automobiles in my state," said Jim Mann.

"Under our Republican laws," went on Fordney, "the farmers are rich."

"They have all got money in the bank," said Madden of Chicago.

"In a little town of 4,000 people in my state," said Payne of New York,

"most of them are farmers, and by actual count it was found that 300 automobiles were owned in the place."

House Members Absent.

No one expects the members of the house will remain in Washington very much for several weeks. While the tariff bill is in the senate, they are expected to absent themselves, unless President Wilson determines to have currency legislation considered. All the house leaders are advising against currency legislation. They want nothing to interfere with the tariff. And when that is through they want to adjourn.

## THROUGH WITH FLYING GAME

Lincoln Beachey, Daredevil of the  
Air, Quits Aviation.

San Francisco, May 13.—Lincoln Beachey, the "daredevil of the air," is through with the flying game, he announced.

"I'm done," he said. "You couldn't make me enter another aeroplane at the point of a gun."

Beachey carries a card on which he has noted aviator friends who have met their death. He scanned the list.

"Wilbur Wright, he was the first one—died a natural death, the only one on the list," said Beachey. "Here are those smashed—Todd, Shivers, Molsant, Ely, Johnstone, Hoxey, Welsh, Frisbie, Parmelee, Gill, Badger, Harriet Quimby and twelve others."

PROFESSOR TAFT  
HAMMERS RECALLFormer President Fears Anarchy  
and Despotism.

New Haven, Conn., May 13.—In his fourth lecture on "Some Questions of Modern Government," at Yale, Professor William H. Taft characterized the form of government advocated by the Progressives as "hair trigger and leading to anarchy and a despotism of the majority."

Professor Taft's statements were made in connection with his discussion of the recall of executive and administrative officers. He promised at a later date to discuss the recall of judicial decisions, which embodies the recall of judges.

"The objection to the recall is not that it takes away the office from the official," he said, "but that it is an obstacle to the efficiency of the government. Men do not administer government fearlessly under government of which the recall is a part, but administer it so their enemies may have no opportunity to make meritorious attacks upon them. Government is for the purpose of accomplishing something. Had men like Washington, Lincoln, Jefferson and Madison served under the recall they would probably all have been recalled. Time has since said of them: 'Well done, thou good and faithful servant.'"

## SENATE CAN'T TOUCH DAVIES

Appointment of Wisconsin Man Does  
Not Require Confirmation.

Washington, May 13.—Discovery that the commissioner of corporations is no longer a presidential appointment, having been included under the law creating the department of commerce as a subdivision of that department, disposed of a threatened contest in the senate over the confirmation as commissioner of Joseph E. Davies of Madison, Wis.

The president now will withdraw the nomination and the appointment will be proclaimed by Secretary Redfield.

Judge Charles Keith, for 40 years a resident of Princeton, visited in Brainerd yesterday and related to Judge W. A. Fleming how Princeton greeted Bob Dunn when he returned from the legislative session. The word was passed around a few hours before Mr. Dunn was due in town and the people were asked to be at the depot to meet him. And they turned out in such numbers, with two brass bands, thousands of citizens massing around the depot for blocks in all directions, that for once in his life Bob was stumped and couldn't say a word. The spontaneous tribute given him by the people of his home town moved him deeply and he appreciated it, for the best appreciation a man can get is what his own home folks may give him.

## Before the Railroad and Warehouse Commission of the State of Minnesota

In the Matter of the Application of the Minnesota & International Railway Company to abandon a part of its line. The Minnesota & International Railway Company makes application to abandon the portion of its main line of railway, described as follows: Beginning at a point, known as station 142-1-57, which said point is situated in the center of the main track of the aforesaid railway company, and in Lot 4 of Section 26, Township 134 north, Range 28 west of the Fifth Principal Meridian; thence extending from said point of beginning, in a southerly, direction over and across the Mississippi River, for a distance of about 4600 feet, to the south line of Section 18, Township 45 North, Range 30 West; said point of termination may be further described as being the point of intersection of the said south line of the said section 18 with the center line of the aforesaid railway company's main track.

The applicant proposes to substitute for the line to be abandoned, a new main line of railway, to be constructed of easier gradients and lighter curvature, for its entrance into the city of Brainerd. The new line to begin at a point known and designated as Station O, situated in the southwest quarter (SW 1/4) of the Northeast quarter (NE 1/4) of Section 23, Township 134 North Range 28 West, of the Fifth Principal Meridian; thence extending from said point of beginning in a southerly, southerly and easterly direction, for a distance of about 5.82 miles, and intersecting with the main track of the Northern Pacific Railway at a point situated in said Northern Pacific main track, between Third and Fourth Streets in West Brainerd.

It is Therefore Ordered, that a hearing on said petition be heard at the offices of the Minnesota & International Railway Company, in the City of Brainerd, Minnesota, on the 14th day of May, 1913, at two o'clock in the afternoon, where objections, if any, will be heard to the granting of said application; that notice of such hearing be given by a publication of this order in the Brainerd Daily Dispatch, a newspaper printed, published and circulated in the City of Brainerd, Minnesota, on the 10th, 12th and 13th day of May, 1913.

Dated at St. Paul, Minn., May 6th A. D. 1913.

## BARRON WRIT QUASHED

Proceedings in W. W. Barron Contempt Case Remanded to Probate Court by Judge Nye

Little Falls Transcript: A decision received Monday by Clerk of Court S. P. Brick from Judge C. A. Nye quashes the writ of certiorari secured by W. W. Barron in his contempt of court case and the proceedings are remanded to the probate court of Morrison county.

Attorney Barron, at that time a resident of Brainerd, was fined \$25 by Judge Shaw January 23 for contempt of court. The cause of the action was certain letters which Mr. Barron addressed to Judge Shaw in which he claimed to have been discourteously treated and threatened to come to Little Falls and see why information which he wanted could not be obtained. The case about which Barron asked had not been closed at the time and the information could therefore not be sent.

Mr. Barron obtained a writ of certiorari on the grounds that the proceedings had been irregular and that he had not been given an opportunity to be heard in explanation. In quashing the writ and remanding the proceedings to probate court Judge Nye states that the only question is whether or not the letters in question constitute a contempt and that lies with Judge Shaw to decide.

## OUT IN THE BUSHES

Oak Lawn Defeats Long Lake 3 to 2—Speedwells 8, Fort Ripley 5 in Sunday's Game

In a fast ten inning game Oak Lawn defeated Long Lake by a score of 3 to 2. The Oak Lawn pitcher had the Long Lake team eating out of his hand. Long Lake's pitcher was no puzzle to the Oak Lawns, but good fielding prevented their rolling up many scores. This was Oak Lawn's first game of the season and they made a good showing.

The Brainerd Speedwells journeyed to Fort Ripley Sunday and engaged in a hard fought game and were victorious. The battery for Fort Ripley was LaForce and Beaumont. LaForce was a southpaw whom Fort Ripley had engaged for the day. He made 14 of the Brainerd boys fan the air. Butka did the twirling for the Speedwells while Fricker was at the receiving end and caught a good game. Butka struck out 7 men and was backed by good support which won the game. "Ted" Stallman held down third base and played a good game while Ole Larson did full justice to the initial sack. All of the other boys played good and secured hits when they were most needed.

"Skinny" Whiting led the Brainerd rooters and did effective work. In fact it was such strenuous stuff that one of the players jumped on his foot with a spiked shoe and put the soft pedal on him and he's wondering if it pays to be a loyal fan. The Speedwells have won every game played so far and are willing to meet any junior team in Brainerd or vicinity.

## DEVELOPMENTS OF WEEK ON RANGE

Barrows Mine Installs an Additional Boiler and Has Cleared Water From Shaft

## GEO. H. CROSBY BACK ON RANGE

Enormous Amount of Electric Current to be Used by Hydraulic Stripping Plant

All underground mines of the Cuyuna range are working full blast and there is a scarcity of good miners. Strengthening the size of the crews would do much to increase production.

The Inland Steel company, it is reported, is considering the matter of changing its underground mine, the Thompson, to a stripping proposition.

The Adams mine on the south range at Oreland is to be sunk a depth of 200 feet at which a pumping station will be cut. Contractor Buzzo, of Eveleth, is making fairly good progress in his work of sinking.

At the Barrows mine of the Virginia Ore Mining company at Barrows the water has about been cleared from the mine. To the battery of three 150 horsepower boilers has been added a 130 horsepower Scotch marine boiler and a separate stack 50 feet high. The Northern Pacific railway assisted the mining company in operating its sinker pumps to clear the shaft from water by loaning one of its big engines which was run on a sidetrack near the mine and connected with the steam line, keeping the pressure at 120 pounds. George B. Youren, surface foreman at the Barrows mine, has gone to the Crystal Falls district and will work at Negaunee, Mich.

Some people have advanced the theory that the Barrows mine has been tapping an underground water course which extended to Brainerd. Many old swamps near Brainerd are dry for the first time in their history.

F. L. Pitt, of Deerwood, has a drill on the Fogelson property east of Deerwood. Senator C. J. Swanson, of Minneapolis, was on the range this week.

The Crosby Exploration company has drills at work in section 23, township 47, range 29. Near by are Gaylord & Guith in the same section drilling for the Mesaba-Cuyuna Iron company. The 31st and 32d holes are in good ore. Ernest LeDuc, of Duluth, is deeply interested in this company. Gaylord & Guith also have two drills in section 3, township 46, range 29; two in section 10, township 46, range 29; one in section 17, township 46, range 29 and one for Duluth people headed by Mr. McGrath.

At the office of W. S. Pitt, in Crosby, is displayed what is believed to be the longest drill core in the history of the range, made by Gaylord & Guith. It is 9 feet 4 inches long. The Hale-Bradley Exploration company is drilling in section 26, township 47, range 29.

George H. Crosby, prominently identified with the development of the north range, has returned from his winter visit at Pasadena, Cal. Mr. Crosby expressed himself as pleased with the development of the range.

R. J. Whiteside of Duluth and Chas. Neimeyer, of Duluth, fee owner of the Meacham mine and also one of the fee owners of the Inland Steel company mine, were on the range this week looking after their numerous interests.

M. D. Stoner, president of the Cuyuna Range Power company, believes that when the hydraulic mine of the Pittsburgh Steel Ore company is in full operation, it will use four times as much current as the city of Brainerd at the present time. With two 2,000 gallon pumps and a 3,000 gallon sanducker removing the overburden, electric shovels handling the dirt and a concentrator washing the ore, all on a 24 hour service, many kilowatts of energy will be consumed. The Crow Wing water power of the Cuyuna Range Power company is now utilized and the new dam is giving complete satisfaction. The current furnished is even. There is no fluctuation in the light.

The High Grade Manganese company has a drill operating in sections 32 and 33, township 47, range 29. The Duluth-Brainerd Mining company has a drill near by.

C. W. Potts, of Deerwood, has just placed a drill south of that town. The Stowell Exploration company has three drills at work in the Bay Lake district. The Cuyuna-Duluth mine at Ironton is having its boilers bricked up. The power house has not been entirely completed. The Cuyuna-Mille Lacs is hoisting a fine grade of manganese ore. Franklin W. Merritt, of Minneapolis, was on the range Monday and Tuesday.

T. R. Foley, of Aitkin, is exploring considerable of his land near Aitkin. Another drill operating in the same neighborhood belongs to Mr. McMillan and his associates of North Dakota. Mineral lands are in good demand at present as people are becoming interested in owning the fee of lands.

Charles E. Andrews has sold to Elmer Hartman the north half of the southwest quarter, the west half of the southeast quarter, the southeast quarter of the southeast quarter of section 32, township 13S, range 26 for \$4,500. Franklin W. Merritt, of

Minneapolis, has sold to C. F. W. Carlson an undivided 1-64 interest in the south half of the southeast quarter of section 23, township 46, range 28.

Kristina Anderson (nee Bexel) widow has sold to Charles J. Swanson an undivided 1/4 interest in outlot 3 of Archibald's addition; an undivided 1/4 interest in the minerals in the east half of the southeast quarter, the northwest quarter of the southeast quarter of section 11, township 46, range 29; an undivided 1-80 interest in the northeast quarter of the northwest quarter of section 11, township 46, range 29; an undivided 2-10 interest in the north half of the northeast quarter of section 33, township 47, range 29; and an interest in the mining lease owned by N. P. Emil Carlson, deceased, on the south half of the northeast quarter and lot 1 of section 2, township 46, range 29 for \$2,000.

Marcus D. Munn and Frank H. Murray have respectively sold to the Bursick Co. a 1/2 and a 1-8 interest in the west half of the northeast quarter of section 9, township 43, range 32. F. M. McDonald has sold respectively to Wilson Bratley of Deerwood an undivided 1/4-7/30 interest, to Frank A. Day an undivided 243-720 interest to William E. Richardson an undivided 81-720 interest and to F. S. Adams, of Deerwood, an undivided 60-720 interest in the northeast quarter of the northeast quarter, the northwest quarter of the northwest quarter, lots 1, 2 and 3 in section 36, township 44, range 32.

James R. Smith, of Brainerd, has sold to the Locker-Donahue Co., of Duluth, an undivided 1-32 interest in the southwest quarter of the southeast quarter of section 32, township 47, range 28 and the southwest quarter of the southeast quarter of section 6, township 46, range 29. William C. White has sold to Cuyler Adams, of Deerwood, an undivided 1/4 interest in the north half of the northwest quarter, the southwest quarter of the northwest quarter of section 3, township 46, range 28, for \$600.

H. Alexander has sold to Nina H. Hitch of Brainerd, an undivided 1-32 interest in government lots 1, 2, and 3 in section 8, township 46, range 29. Franklin W. Merritt, of Minneapolis, has sold to George I. Gorham, of Minneapolis, an undivided 49-128 interest in the south half of the southeast quarter of section 23, township 46, range 28.

## Obituary

The funeral of Mrs. Sarah Dunn Anderson, wife of O. E. Anderson, took place yesterday at 2:30 o'clock from the residence, 414 Forsythe St. and at 3 o'clock from the Peoples Congregational church of which the deceased was a member. Rev. G. P. Sheridan officiating.

Mrs. Anderson (nee Miss Sarah Dunn) was born at Jackson, Ohio, July 4th, 1861. While a child her people moved to Delevan, Ill., where she lived until 1881. She came to Brainerd with H. A. Flint and family, making her home with them until October 15th, 1884, when she was married to O. E. Anderson of this city. They have always made Brainerd their home. Mrs. Anderson leaves a husband and three children, Mrs. Nels Johnson, age 26 years, William E. Anderson, age 23 years, Mabel P. Anderson, age 18 years. Three sisters, Mrs. Martha Myers of Peoria, Ill., Miss Mary Dunn of Delevan, Ill., Mrs. Renzo Stevens of Delevan, Ill. Mrs. Anderson was a woman of sterling character, widely known and esteemed. She will be long remembered by many for her kindly deeds in times of sickness.

She early united with the church and was an earnest Christian worker till the last few years, when her illness kept her confined to her home. Until the last her thoughts were of her home and family. Her loss will be sincerely mourned by a wide circle of friends. The bereaved family have the sincere sympathy of all in their affliction. There were many beautiful floral offerings from the churches and friends. The interment was in Evergreen cemetery.

## CLOTHING WANTED

Health Committee Desires all Who Have Cast Off Clothing to Send Them to Court House

Several destitute families have recently applied to the health committee for clothing. The clothing collected last winter has nearly all been disposed of. This is the season of house cleaning and most every one has some old clothes which it would be a pleasure to get rid of. If all such will send them to the court house where there is a room kept for storing them the committee will see that they are properly distributed. If it is not convenient to do this, please notify any member of the committee and they will be sent for. These are urgent cases and the clothes are needed at once. Clothing suitable for children from two to twelve years of age most needed but anything that can be made over into children's clothes will be acceptable. HEALTH COMMITTEE.

In the end you will come to Hindipole Tablets. Why not take them at first. They cure all kidney ailments. Sold at Johnson's pharmacy.—Adv't. 278

## LITTLE FALLS ELKS' DOINGS

Class of Twenty Candidates to be Initiated by Little Falls Lodge on May 15th

Little Falls Elks are planning on a big time next Thursday, May 15th, when a class of twenty candidates will be initiated into the mysteries of the order. A grand street parade has been arranged for and will start promptly at 12:15, which is said to contain many wonderful features. The initiating will take place immediately after the parade and a continuous lunch will be served during the afternoon and evening. A social session will be held in the evening when a number of outside speakers will appear on the program. Some select musical numbers have also been provided for. The Elks of Brainerd are cordially invited to attend.

## Coughs and Consumption

Coughs and colds, when neglected always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by H. P. Dunn.—Adv't. tts

### MUSIC AND DRAMA

#### At the Empress

"Loved by a Maori Chieftess" is a two part drama, 2000 feet of film shown at the Empress theater. The plot of the story follows: Just after the Maori uprising in 1870, when the feeling against the English was very bitter, a young English trapper was taken captive by the Maoris. The chief's daughter saves him from the usual fate of a prisoner of war—being burned at the stake and eaten. She believed that he was the man she was predestined to marry. How they finally escape from the tribe through the treacherous land of the hot geysers; how they are recaptured and finally reunited make this film an unusually interesting and thrilling story.

"Pete Tries the Stage" is a rare comedy sketch.  
Arthur White, baritone, is heard in his latest song success, "I Don't Know Where She is Tonight."

#### At the Grand

"The Sins of War", two reels, is the feature picture at the Grand Tuesday and Wednesday. It is a Civil War story, strong in action and historically correct. Simon Hertzog's warehouse is given over to the Confederate cause and used as a prison for Union soldiers. A tender love story, with Capt. Blair, Union soldier, as the hero and Felice Hertzog, Confederate, as the heroine, weaves its way through the plot of the story.

The city of Richmond is besieged by General Grant. Blair captures the Confederate plans concealed in Hertzog's coat. Grant takes the town, Blair proves his identity and is given due credit for the plans which he had found.

As Capt. Blair is ordered away to duty, it is plain to perceive by the pleased look on Felice's face that he is to claim her as his wife when the war is ended.

"Hide and Seek" is a drama. "The Land Salesman" is a comedy film. Gene McCarthy is heard in illustrated songs.

#### Pains in the Stomach

If you continually complain of pains in the stomach, your liver or your kidneys are out of order. Neglect may lead to dropsy, kidney trouble, diabetes or Bright's disease. Thousands recommend Electric Bitters as the very best stomach and kidney medicine made. H. T. Alston, of Raleigh, N. C., who suffered with pain in the stomach and back, writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended and I improved from the first dose. I now feel like a new man." It will improve you, too. Only 50c and \$1.00. Recommended by H. P. Dunn.—Adv. tta

### Bids for Cement Sidewalk, Cement Curb and Cement Cross Walks

Sealed bids will be received at the office of the city clerk, in the city of Brainerd until 8 o'clock P. M., May 19th, 1913, for furnishing the material and labor and constructing cement sidewalks, cement curbing and cement crossings, anywhere in the city of Brainerd during the season of 1913, according to plans and specifications on file in the office of the city engineer.

The council reserves the right to reject any and all bids.

V. N. RODERICK,

City Clerk.

By order of the city council

Dated May 12th, 1913.

### In the District Court of the United States for the District of Minnesota, Fifth Division

In the matter of Fred H. Eastham, Bankrupt, in Bankruptcy.

To the creditors of Fred H. Eastham of the city of Brainerd, in the county of Crow Wing and District aforesaid:

Notice is hereby given that on the 12th day of May, A. D. 1913, the said Fred H. Eastham was duly adjudged a bankrupt and the first meeting of creditors will be held at Suite 604 Palladio Bldg., Duluth, Minnesota, on Monday the 26th day of May, A. D. 1913, at ten o'clock in the forenoon, at which time the creditors may attend, prove their claims and appoint a trustee, examine the bankrupt and transact such other business as may properly come before said meeting.

Dated at Duluth, Minn., May 12, 1913.

WILLIAM O. PEALER,

Referee in Bankruptcy.

QUIT IT! ZEMO STOPS ITCHING INSTANTLY  
And For Eczema in all Forms, Dandruff, Tetter, etc., It's a Wonder

Buy a 25c Bottle Today and Prove It!—Ally! Stop that violent scratching! There is nothing known that will stop itching like ZEMO. One application stops it instantly, whether the itching is on the scalp or on any other part of the body.

Dandruff is nothing but scalp eczema and that's why ZEMO stops dandruff absolutely. For the terrible, raw, fiery eczema that drives you wild, keeps you awake nearly all night—for rash, prickly heat and all inflamed, reddened skin on babies or grown-ups, for itching piles, salt rheum, for rawness after shaving, for any and all sores, ZEMO is a revelation. ZEMO is not a greasy ointment or paste, but a clean, antiseptic solution applied to the skin. Try a bottle today—and your torture ends.

Just wholesome, pure, good tobacco—

### BRIDGEPORT STANDARD Prepared Paint

THE painter, the architect and the builder, after careful tests and examinations, are able to tell you that Bridgeport Standard Prepared Paint is the best for you to use in decorating your home.

It has the "body," the "covering" quality, the ability to stand up under all sorts of adverse weather conditions; it is the most economical because it requires less of it to do the work.

You can buy cheap paints; you can buy paints that sell at a less price per gallon, but you pay for them in extra labor and in the greater quantity used, and the necessity for more frequent painting.

Bridgeport Standard Prepared Paint is "made up to a standard, not down to a price."

## David Warfield Says:

"I have never seen the Northern Pacific Dining Cars Equalled for Cuisine or Service. The 'Big Baked Potatoes' are all that are claimed for them."

Another patron of our regular service said: "Some man inscribed a sermon on a dime. But he couldn't write all the good things I know of Northern Pacific Dining Service on the deck of the battleship Pennsylvania."

Those "Great Big Baked Potatoes" are being served daily on our sixty dining and cafe cars. We use pure bottled spring water for both cooking and table service. Products from our poultry and dairy farm and meats prepared in our own butcher shops, also.
